

No matter how large or small your fresh produce needs, Castellini Group of Companies is  
***Your One Source.***

### ***Conventional***

We carry over 2,500 items of fresh fruits and vegetables and maintain one of the largest inventories in the Midwest. Our experienced procurement team is able to source any product you need- when you need it. We work with suppliers in every major growing area to bring you the freshest selections available.

### ***Fresh-cut***

Our large, state-of-the-art processing operation distributes over 600 SKUs of value-added fresh cut fruits and vegetables. Our advanced technologies enable us to meet even the strictest specifications. Sliced, diced, shredded or peeled – our highest quality fresh-cut products will save you time and money.

### ***Repacks***

We operate several of the largest tomato, banana, potato and onion repacking and ripening facilities in the Midwest. Our leading edge sorting, sizing and packing technology ensures each product is packed to your exact specifications. We also offer private labeling options to help you build your quality brand.

### ***Organics and Specialty***

We complement our full-line of conventional produce with a comprehensive inventory of organic produce, exotic fruits, baby vegetables and herbs. Our unlimited sourcing capabilities ensure we can meet even the most extreme requests.
